Reurlet 5-5-52, and report SA [Redacted]
5-5-52, Miami.

The first sentence in the report reflects that on
1-3-52 [Redacted] This date should have
been 1-3-51.

It is further noted that in regard to [Redacted]
application for Federal employment he apparently executed
Standard Form 57 on 10-4-49, at which time he denied a prior
arrest record in answer to Question 28 and denied belonging to
any organization which advocates the overthrow of the Government
of the United States by force or violence in answer to Question
26. It would appear that on 1-2-51, he executed Standard Form
58 which is a continuation sheet for Question 16, "Application
for Federal Employment," Standard Form 57. He apparently
executed only Standard Form 58 on 1-2-51, thus bringing the
information in Standard Form 57 up to date.

b6
b7c

Since the exact date of giving the false statements
(10-4-49, 1-2-51, or 1-3-51) is most important for prosecution
purposes it is necessary that you find out the exact details
of the execution of those forms by [Redacted]. The desired infor-
mation should be obtained and corrected pages of the report
submitted within seven days from the date of this communication.

LOYALTY CERTIFICATE FOR PERSONNEL OF THE ARMED FORCES

INSTRUCTIONS ON THE USE OF THIS FORM

The Department of Defense has the authority to establish and promulgate detailed procedures to implement the national policy relating to loyalty of persons entering or duty with the Armed Forces. This has been determined by appropriate authority to include restrictions as to membership in or association with certain organizations and of certain standards of conduct. Consequently, you must read the following provisions as to membership in or association with certain organizations and as to standards of conduct very carefully and be sure you understand them. If there is anything which you do not understand in either of these sets of provisions or in the certifications to be made, ask a commissioned officer to explain them to you. When you are certain that you understand both the provisions and the certifications, complete the certifications and sign them in the presence of a witnessing officer. Penalties for making a false statement may be very severe.

PROVISIONS AS TO STANDARDS OF CONDUCT

[redacted] Special Assistant to the
Attorney General, telephonically contacted me and in discussing
other matters stated that he planned to devote the week of
July 7, 1952, to going over the above-captioned cases with me
and the Agents handling the investigations. He said that he
intended to get the facts as we had developed them and hit the
high points of the investigations. Upon conclusion of this
review, he said that he plans to go to Washington for a three
weeks' period to thoroughly review and digest all of our reports
and to outline a method of attack in these cases.

[redacted] stated that Assistant U. S. Attorney [redacted]
[redacted] had suggested that the new Federal Grand Jury which
is being impaneled July 14, 1952, be apprised by me of the
significance of these investigations and that I generally outline
the facts as we have developed them to the Grand Jury. Mr.
[redacted] reason behind this is to get the jurisdiction of these
cases firmly implanted in the new Federal Grand Jury so that when
the Federal Grand Jury investigating local crime reconvenes in
September, there will be no possible repercussions from that
Grand Jury for not having these cases presented to them. [redacted]
indicated that he did not feel this was necessary but that he
wanted to discuss it with both [redacted] and me further.

I told [redacted] that I thought that when these cases were presented, it should be done on a continuous basis with as much force and aggressiveness as possible. I told him that my outlining to the Grand Jury on the first day it convened the whole import of these investigations would necessarily detract, I felt, from the ultimate presentation of the cases around the middle of August and that the sting of the significance would be lost by the intervening of time between my original presentation and the actual calling of witnesses. I told him, however, that of course I would be governed by their desires. However, [redacted] indicated that my reasoning was correct.

b6
b7c

[redacted] stated that he desired, if possible, to present these cases to Judge George W. Whitehurst, who in my opinion is the most competent Judge to hear this case in this area. Judge Whitehurst, however, is going on two months' leave and probably will not be back before the first of September. I don't think that his absence, however, will effect the proceeding before the Grand Jury. Of course, any indictments returned by the Grand Jury would necessarily have to be tried subsequent to Judge Whitehurst's return from leave.

I have been impressed with the enthusiasm that [redacted] [redacted] has manifested in these cases and I feel that he is approaching this problem in a very satisfactory manner. I will keep the Bureau advised of any developments.

As set forth in referenced report, [Redacted] a
 [Redacted] Orlando, Florida,
 was interviewed May 13, 1952, information having been received from
 Confidential Informant MF-379 indicating [Redacted] is acquainted with sus-
 pect EARL J. BROOKLYN.

At that time [Redacted] furnished no pertinent information, stat-
 ing he felt he should adhere to his Klan oath; however, during the
 interview he expressed his admiration for the Bureau and its work, as
 well as his personal desire to develop into [Redacted]

He also indicated he would like to cooperate with the
 Bureau but at that time he felt he should observe his Klan oath.

Interviewing Agents asked [Redacted] at the conclusion of the inter-
 view to reconsider this position to see if he could see his way clear to
 cooperate with the Bureau. He advised he would do so and Agents told him
 he would be recontacted.

On June 9, 1952, [Redacted] was recontacted. He stated that [Redacted]
 [Redacted] visited EARL BROOKLYN at the latter's residence,
 the purpose ostensibly being to inquire as to the state of BROOKLYN's
 health. During the visit [Redacted] told BROOKLYN that he had been interviewed
 by the FBI but had not given the FBI any information whatsoever. [Redacted]
 asked BROOKLYN what he knew about the MOORE bombing and the floor plans
 alleged to have been in the possession of BROOKLYN. According to [Redacted]
 BROOKLYN denied having any knowledge whatsoever of the bombing or any
 floor plans of MOORE's house. [Redacted] expressed the opinion that BROOKLYN
 would not have participated in the bombing because of ill health. He
 opined, however, that if BROOKLYN had participated or if he has any
 knowledge concerning the bombing "you couldn't get it out of him even if
 you were to horsewhip him", as BROOKLYN is a "very tough individual".
 [Redacted] added he believes BROOKLYN trusts [Redacted] was instrumental
 in raising money among the Klan to pay for BROOKLYN's medical expenses.

During the interview of June 9, 1952, [redacted] stated he desired to cooperate with the Bureau but asked for more time to consider his position, stating that he has [redacted]

[redacted]

On July 8, 1952, [redacted] was recontacted. He stated he desires to cooperate with the Bureau, but only on the basis that he would not be required under any circumstances to testify in connection with this case and, further, that his identity would never be divulged. He was very emphatic in his statements regarding testifying and the maintaining inviolate his identity. [redacted] was advised that if he has pertinent information every effort would be made to protect his identity but such assurances could not and would not be given if he is actually involved in the MOORE bombing. He stated he fully understands the Bureau's position in this regard.

[redacted] thereafter voluntarily afforded the following information. He has been very close to [redacted] Exalted Cyclops of the [redacted] of the Association of Georgia Klans, and [redacted] [redacted] as well as a number of other Klansmen who are noted for their readiness and availability for participation in "rides" and other acts of violence. He has won their confidence and esteem because of his own personal prowess and willingness to participate. [redacted] His recent employment as [redacted] has strengthened his position and increased his prestige in the eyes of his [redacted]

He advised that one [redacted] is the [redacted] window of the Creamette and advised the operator he should install another window for serving negroes. In this regard [redacted] stated [redacted] had personally bragged [redacted] about "casing the Creamette" and [redacted] had expressed some fear of being recognized by the operator of the Creamette as being the individual who had appeared at the window and made the aforementioned statements a short time before the Creamette was bombed. [redacted] stated that [redacted] since the MOORE bombing has bragged [redacted] in words to the effect that on the way back from casing the MOORE job they decided they were not going to do the job as they had previously planned inasmuch as they had gotten the idea of using dynamite. [redacted] stated he does not recall the time or circumstances under which [redacted] did this bragging but is confident it was since the MOORE bombing.

Director, FBI

b6
b7C
b7D

[redacted] said that [redacted] told him he immediately went to see [redacted] with the idea of using dynamite on the MOORE job. According to [redacted] [redacted] never stated what type of job they intended to do before deciding to use dynamite, nor had [redacted] ever stated who, if anyone, was on the casing job with him.

He said that after [redacted] had made these statements he and [redacted] were discussing Klan matters [redacted] [redacted] was at that time employed and at that time [redacted] told [redacted] that [redacted] was talking too much and that someone should caution him.

In regard to [redacted], [redacted] stated [redacted] was at one time on the Klokann Committee and was formerly employed by an ice plant in Sanford, Florida, but is now unemployed and residing in Orlando. He stated he is personally of the opinion that [redacted] was not "gassing" when he spoke of casing the MOORE place as he has observed [redacted] to be the type of individual who would do just such a thing. He said that [redacted] at one time had asked the Klokann Committee to bomb the ice plant at Sanford inasmuch as one of the negro employees had acted very "uppity". He said that although he advised [redacted] regarding the remarks made by [redacted] [redacted] did not divulge any information at that time, nor has he mentioned the matter further.

[redacted] also advised that after the Agents began making inquiries in Orlando regarding the MOORE bombing, he was contacted by [redacted] who told him that there was a job to be done and they wished his help. According to [redacted] [redacted] and one [redacted], along with [redacted] went in [redacted] automobile to the residence of [redacted] located near Sanford and took from [redacted] premises three cases of dynamite. The dynamite was loaded into the [redacted] automobile of [redacted] and thereafter taken to a shack located near the Cheney Highway on the outskirts of Orlando. [redacted] stated the three cases of dynamite were then unloaded and placed under some lumber in the shack. He said the shack has now been torn down and there is a structure presently being erected on the site of the shack. He also disclaimed any knowledge as to any details regarding the dynamite, where it came from, for what purpose it was being held or whether or not any of the dynamite had been used from the cases. He stated the case he handled was closed and from the weight of it was undoubtedly filled. He also advised he does not know the type, lot number or any other identifying data regarding the dynamite as he only noted the cases had the word "Explosives" printed on them. He also stated no mention was made of the dynamite by [redacted] or any of the other men, nor has any information come to his attention concerning the dynamite.

Director, FBI

During the interview of July 8, 1952, [redacted] was questioned as to whether he himself had ever been involved in any Klan terrorist activities or in any way involved in the MOORE bombing. He said the only "ride" or terrorist incident in which he was involved was the whipping of [redacted] on January 12, 1952, and before [redacted]. In regard to this occurrence he identified [redacted] and [redacted] as being the other participants. He stated the Oldsmobile of [redacted] the 1946 Ford maroon coupe of [redacted] and [redacted] were used. According to [redacted] the Klansmen in this incident were endeavoring to locate a negro in Winter Garden who had been involved in the cutting of a white man in Orlando and were parked alongside the street and [redacted] passed by in the taxi cab. He stated the cars parked in front of his took in behind the cab and at that time he did not know why they were following the cab. He said that one of the Klansmen later told him the negro driver of the taxi cab made an unsavory remark as he was passing the cars, stating they were blocking the road.

[redacted] also advised that during the time [redacted] was confined in the hospital in Eustis, Florida, following his wounding by [redacted] of Lake County during November, 1951 near Umatilla, Florida, he, [redacted] and [redacted] drove to Eustis for the specific purpose of locating and killing [redacted] the Orlando attorney who was retained by the NAACP for the defense of the rapists in the Groveland case. [redacted] said that upon arriving in Eustis they were unable to locate [redacted] but did see [redacted] and at that time he and [redacted] called [redacted] aside and told him the purpose of their trip to Eustis. [redacted] said [redacted] advised them to return home and forget about the matter inasmuch as he had control of the situation and "everything was going to come out alright".

According to [redacted] while [redacted] and [redacted] were returning to Orlando [redacted] made a statement to the effect there was a "big SOB in the NAACP who lives at Mims and something has got to be done about him". After this remark [redacted] made a statement to the effect that inasmuch as they had missed locating [redacted] at Eustis, why not go on over to Mims and get MOORE. In regard to the statement of [redacted] regarding MOORE, it is to be noted in [redacted] interview by Agents of this Office [redacted] stated he had heard of MOORE and that MOORE's name had been mentioned in Klan meetings through the reading of newspaper clippings.

Director, FBI

[redacted] appears to be more intelligent and better educated than the average Klansman. He steadfastly maintained that he is in no way interested in a monetary reward for any information he might furnish. In fact, he stated he joined the Klan motivated by a sense of revenge inasmuch as he was a victim of a "ride" by the Klan. He was reluctant to give all the details of the "ride" although he stated he had parked by the road with a woman other than his wife and while parked there he was taken from the car by two individuals, forced to lie on the ground, at which time he received a flogging. He is certain that the group who flogged him were members of the Klan but as of this date he is not certain of their identities and is interested in ascertaining their identities for revenge. He stated he is personally not in agreement with Klan terrorist activities and on a number of occasions he has been instrumental in preventing violence. He said that if he knew the identity of the individuals who did the actual bombing at Mims, Florida, he would divulge such information to the FBI.

b6
b7C
b7D

During the interviews he has given the impression that even if he does not know the persons who did the actual bombing he has information which might lead to the ascertaining of the identity of such individuals. During the course of interview it was impressed upon [redacted] to be frank in his discussion of Klan activities so that any derogatory information which might be divulged against him, particularly in relation to "rides", might not operate to discredit him in the eyes of the Agents. He thereafter voluntarily furnished the information regarding his participation in the beating of [redacted] and the trip made with other Klansmen to Dussia, Florida. At that time he stated those were the only occasions on which he has participated in any acts of violence in connection with Klan activities.

b6
b7C
b7D

It is realized that the attitude of this informant is strange. The Agents handling him are particularly alert for any possible chicanery. His story with regard to his entrance into the Klan and the purpose behind it leave some question of doubt. It is known that he is friendly with the Klan members enumerated in this letter and that these members are the type of individuals who would engage in terrorist activities. Extreme caution will be utilized in contacting this informant and for the time being he will be afforded all of the discreetness surrounding the contacting of an informant.

Intensive investigation is being conducted regarding [redacted] his present whereabouts, and the other members mentioned. It is not believed this informant can be "shoved" but will have to be handled diplomatically. If it appears at any time that he is not being truthful the Bureau will be advised immediately and consideration will be given to recommending possible prosecution under the Obstruction of Justice statute.

"I, [redacted] make the following voluntary statement to [redacted] and FRANK F. MEECH who have identified themselves to me to be Special Agents of the Federal Bureau of Investigation. No threats or promises have been made to me to induce me to make this statement. I realize I do not have to make any statement and that any statement made by me may be used against me in a court of law. I have been advised that I am entitled to have an attorney.

"I was born [redacted] the son of [redacted] I have resided in Apopka all my life. On January 14, 1952 I enlisted in the U.S. Army. My serial number is [redacted] and at the present time I am assigned to [redacted]

"On May 7, 1949 I married [redacted] A few weeks before my marriage I joined the Ku Klux Klan at Apopka, Florida after having been approached to join the Klan by my father-in-law to be, [redacted] The main reason I joined the Klan was to gain favor with [redacted] because he was opposed to my marrying his daughter. As I recall I paid only part of the initiatory fee and dues for 1949. I was given a membership card which was never renewed because I never paid any more dues.

Handwritten initials: H. D. / M. / H.

"I was active in the Klan for only a short period after joining. It is my recollection that I attended six or seven meetings. At the time I joined and was active in the Klan [redacted] was the Exalted Cyclops. The only other persons I recall that were officers in the Klavern were [redacted] [redacted] who acted on occasions, [redacted] BILL BOGAR, [redacted], and [redacted] I do not recall their exact titles and positions. Other individuals I recall as being active in the Klan at that time were MARION EDWARD WADE and HARVEY REISNER, LESTER HARDEE, WALTER GODING, [redacted] [redacted], [redacted], [redacted], [redacted]

"I have never taken part in any 'rides' or terrorist activity with any Klan members. On one occasion only did I participate in any outside activity with Klansmen. On this occasion [redacted] contacted me and told me 'we are going to get those negro attorneys who are defending the negroes on the Groveland rape trial at Tavares, on their way from Tavares to Orlando and you had better go with us.' I went with [redacted] to MELVIN WHITE's house at Plymouth, Florida. From there [redacted] and I proceeded in [redacted] car out on the highway near Lake Ola to intercept the car load of negro attorneyes as they went through. I recalled seeing cars belonging to BILL BOGAR, [redacted] also at Lake Ola. [redacted] and I remained for approximately half an hour and then proceeded into Apopka. We left because the mosquitoes were so bad. We left before the attorneys came through. I never learned what happened after we left.

"I discontinued attending Klan meetings because I did not care to associate with the type of individuals who were active in the Klan. These individuals were always bickering and arguing among themselves and I did not care to associate with them.

"I have read the above statement consisting of one page. It is true to the best of my knowledge.

/s/ [redacted]

"FRANK T. MEECH Special Agent - F.B.I. Miami, Fla. 7/3/52
[redacted] Special Agent - F.B.I. Miami, Fla. 7/3/52"

[redacted] advised that since being in the U.S. Army and doing a little traveling, he has learned that the Ku Klux Klan and all it stands for is not the type of organization that he had any desire to be affiliated with. He emphatically stated that his sole reason for joining the Klan in the first place, as set out in the signed statement, was to appease his father-in-law to be. [redacted] stated that since his return from leave to Apopka, Florida, he has not been contacted by any Klansmen nor has he associated with any persons who he knew to be Klansmen at the time he belonged.

DETAILS: This is a joint report of Special Agents FRANK F. MEECH
and [REDACTED]

AT FORT PIERCE, FLORIDA.

On July 2, 1952 [REDACTED] was recontacted [REDACTED]
[REDACTED] where [REDACTED] is employed as
a production man. [REDACTED] stated he has been unable to obtain any additional
information since he was last contacted adding that he has, because of his
employment, been unable to make any additional visits to Orlando or the
Winter Garden areas.

AT ORLANDO, FLORIDA.

Confidential Informant T-1, of known reliability, advised
that he has seen and talked to many members of the Winter Garden Klavern of
the Association of Georgia Klans, of which he also is a member, but had not
learned of any information pertinent to the MOORE case or any other terrorist
activity.

The informant stated there is considerable concern among
the Klan members since the announcement appeared in the newspapers concerning
the Federal Grand Jury at Miami which was going to be convened and which would
hear the HARRY T. MOORE case. He said that most Klan members who have been
interviewed by FBI Agents are anticipating being called to testify before the
Grand Jury.

The informant reiterated the thinking of the Klansmen in
that they intend to answer all questions truthfully before the Federal Grand
Jury for fear they might be indicted for perjury. He said the Klansmen felt
secure in that no persons will be indicted because of the lack of federal
jurisdiction.

The informant stated that there was only one Klan meeting
in the area at the present time, that being a combined meeting of Orlando,
Winter Garden and Apopka Klaverns, the meeting night being each Monday.

AT TITUSVILLE, FLORIDA.

The following investigation was conducted by Special Agents [redacted]
[redacted] and [redacted]

[redacted], Florida East Coast Railway Station, was interviewed on June 10, 1952. [redacted] stated he recalls that Mrs. ROSA MOORE arrived in Titusville on December 22, 1951 from Jacksonville, Florida. He said that after alighting from the train she told him she wished to find a taxicab to take her to the MOORE residence at Mims, Florida.

[redacted] stated he located a cab driven by an employee of THOMPSON Cab Company and thereafter Mrs. MOORE left in this cab to go to the HARRY T. MOORE residence at Mims, Florida. According to [redacted] Mrs. MOORE was the only person in the cab other than the white cab driver, when the cab left the railway station.

[redacted] stated he has been personally acquainted with the MOORE family since 1933 and was aware of the fact HARRY T. MOORE formerly taught school at Titusville and Mims, Florida. [redacted] stated he positively recalls at one time MOORE stated that he and his wife, HARRIETT, had been fired from their teaching positions at Mims, Florida, because of their work in the National Association for the Advancement of Colored People.

[redacted] stated he did not have any other information in this regard, other than the oral statements made by MOORE. He also advised MOORE was highly regarded among the colored folk in the area and to [redacted] knowledge, MOORE had never received any threats against his life. He said that the bombing of the MOORE residence came as a complete surprise to him inasmuch as he did not believe that anyone would have directed such violation against MOORE inasmuch as MOORE was a man of excellent character.

[redacted] of the THOMPSON City Cab Company, advised that during December, 1951 he had in his employ one [redacted] who drove the taxicab at times when [redacted] was not so occupied. [redacted] stated he did not know HARRY T. MOORE or any member of the MOORE family and does not recall having transported any of the MOORE family during December, 1951. He said that in all probability, if there had been such a passenger, the cab at that time would have been driven by [redacted]

[redacted] advised that [redacted] is now employed by [redacted] in the grass cutting business on Merritt Island.

The following investigation was conducted by Special Agents [redacted] and [redacted] on July 11, 1952:

[redacted], Titusville, Florida, advised he is presently employed in the grass cutting business [redacted]. He stated he formerly drove a cab for [redacted] [redacted] which employment lasted approximately from December 1, 1951 to January 31, 1952.

He said he recalled having picked up a colored woman as a fare at the Florida East Coast Railroad Station in Titusville a few days before Christmas Day, 1951 and taking her to Mims, Florida. He said he did not know who this woman was nor did he know the exact destination to which she went. He stated he followed her directions regarding turns off the highway and on to side roads until he reached a house located off the Old Dixie Highway in Mims, Florida.

He advised no one has interrogated him concerning this passenger, her destination or anything whatsoever regarding her. He said he did not know his passenger was Mrs. ROSA MOORE and did not know that the MOORE residence was the destination of her trip. He said he did not know anything about HARRY T. MOORE or his family and was not aware of the fact he had taken the colored woman to MOORE's home until after the bombing at Mims, Florida, when he learned from talk and the newspapers that the MOORE house had been bombed.

[redacted] stated that he has never belonged to the Ku Klux Klan or any other secret organization. He also disclaimed any knowledge of any Klan activity at Titusville or Mims, Florida. He added that he does not have any information concerning the bombing of the MOORE residence or the persons responsible for such bombing.

AT ORLANDO, FLORIDA.

Confidential Informant T-2, of unknown reliability, an active member of the Orlando Klavern of the Association of Georgia Klans, furnished the following information

TEM:JMS

regarding activity of Klan members of the Orlando Klavern of the Association of Georgia Klans. The informant stated he is furnishing this information on a strictly confidential basis and under no circumstances would he be willing to testify to any of this information before any Grand Jury inasmuch as he is confident in his own mind that he and his family would both suffer detriment at the hands of the Klan members who are involved in the related incidents.

He also expressed fear of losing his present employment because of known Klan affiliation but stated his greatest fear is that of bodily harm to himself and family. He pointed out that he has been closely associated with members of the Klavern and is confident that his evaluation of these individuals as being persons who would, without hesitation, do great harm to both himself and his family.

The informant stated that in the past it has been a practice of a number of the Klan members to [redacted] discuss Klan matters. He said that a short time following the MOORE bombing one [redacted] who has been active in the Orlando Klavern of the Association of Georgia Klans during the time of the informant's affiliation, came to [redacted] discuss Klan activities.

b6
b7C
b7D

On this particular occasion [redacted] were talking generally about the FBI investigation in the MOORE case. He said they discussed [redacted]

b6
b7C
b7D

He said he could not recall exactly the conversation, however, the MOORE killing was discussed. [redacted] made a statement to the effect that "Who ever did that (the MOORE bombing) sure did a good job". [redacted] in the conversation talked as if he, [redacted], knew or thought that the informant knew all of the details of the MOORE bombing. The informant said that it was difficult to describe [redacted] attitude but it was one having an idea that he was not divulging any confidential information in talking to the informant.

b6
b7C
b7D

The informant said that [redacted] told [redacted]

TEM:JMS

[REDACTED]

The informant said that he believed [REDACTED] made such a statement after [REDACTED] remark to the effect that whoever did the MOORE bombing certainly did a good job. The informant feels that this bolstered [REDACTED] ego and he wanted to let [REDACTED] know he had played a big part in the event.

The conversation lead the informant to believe that [REDACTED] was along with someone else, however, no mention was made by [REDACTED] of any particular individual. Nothing more was said concerning the MOORE case at this time and [REDACTED] did not further question [REDACTED] because at the time [REDACTED] was not interested in HARRY MOORE or who participated in the bombing.

It was at this time and during this conversation that mention was made by [REDACTED] of casing the CREAMETTE. By way of the terminology used the informant related that the casing was probably nothing more than [REDACTED] going to the CREAMETTE and telling the owner that he should have two service windows, one for negroes and one for whites.

The informant said that after the above conversation which, to the best of his recollection, took place sometime around the latter part of [REDACTED] went immediately to [REDACTED] Exalted Cyclops of the Orlando Klavern of the Association of Georgia Klans, and told him that [REDACTED] had let it out that he, [REDACTED] had cased the HARRY MOORE place and had gone to [REDACTED] with the idea of bombing the house. [REDACTED] told [REDACTED] that if [REDACTED] is talking to him he is probably telling other persons of his involvement and someone should go to [REDACTED] about "Shooting his mouth".

[REDACTED] was noncommittal and did not indicate [REDACTED] at this time that he had any knowledge of the participants in the MOORE bombing. [REDACTED] assumed from [REDACTED] attitude that he would get to [REDACTED] to see that [REDACTED] was more judicious in his discussion of KLAN activities.

TEM:JMS
MM 44-270

[redacted] has known [redacted] when [redacted] became affiliated with the Orlando Klavern of the Association of Georgia Klans. He stated that [redacted] on two occasions brought prospective

[redacted]

The informant described [redacted] as being a lazy individual who would get by with the least amount of effort in all of his activities. The informant related that [redacted] has contacted him on numerous occasions requesting [redacted] has also endeavored to get [redacted] to get him a job on the City payroll; the informant's opinion being that [redacted] merely wanted a soft job.

b6
b7C
b7D

He described [redacted] as a regular attendant at the Klan meetings and an associate of [redacted] [redacted] and [redacted]. He said that [redacted] is also an associate of one [redacted] (phonetic), a Klansman from Sanford, Florida; who operates a Gulf Station in Sanford and also [redacted] of Sanford, Florida.

The informant further described [redacted] as an individual who would do anything on his own if he could get some additional Klansmen to assist him. He said the various members of the Orlando Klavern have been considerably concerned about [redacted] because they were afraid he would make a statement to some persons where it could get to the Federal Bureau of Investigation.

b6
b7C
b7D

Enlarging upon this the informant said that he has heard [redacted] on two or three occasions get up on the floor of the Klavern and make the statement that the CREAMETTE has not as yet gotten two service windows, one for negroes and one for whites, and therefore something should be done about it. These matters are never brought up on a Klavern floor and [redacted] was out of order in making such statements.

To further describe [redacted] the informant said that [redacted] was employed at the Ice Plant in Sanford in a position of selling ice boxes

TEI:JIS
MM 44-270

and refrigerators and collecting the payments for the sales made. He came to the officers of the Klavern and told them that the relationship between the whites and negroes at the Ice Plant were such that the plant should be bombed. On two or three occasions the informant recalls that [redacted] brought this matter up on the floor of the Klavern, saying that something should be done about the Ice Plant in Sanford.

b6
b7C
b7D

Subsequent thereto it looked like certain members of the Klavern were going to take matters in their own hands and bomb the Ice Plant. The informant said he does not recall exactly who made the statement but when he was present in a conversation among several individuals, they were making the statement "I wonder if the good people of Sanford would be inconvenienced by having their Ice Plant blown up". It was around this time when [redacted] was advocating bombing of the Ice Plant that the informant heard [redacted] make the statement "You damned fools can get a new Exalted Cyclops if you went to blow up the Ice Plant so soon after this HARRY MOORE was bombed, the blowing of the Ice Plant would cause too much heat." The informant said he believed in lieu of blowing the Ice Plant [redacted] arranged for a negro by the name of [redacted] to be taken out and flogged.

b6
b7C
b7D

In this regard he stated that on one occasion [redacted] made the remark that one of the negro employees at the Ice Plant had been disrespectful to white persons inasmuch as the negro had remained seated when some white people had entered the room and there were no available chairs. The informant stated that the subsequent flogging of the negro employee of the Ice Plant caused the informant to believe that [redacted] was back of the entire matter.

Informant advised he did not have any further information regarding the flogging, however, the flogging of a negro employee at the Ice Plant has been substantiated and will be set out in detail hereinafter in this report.

The informant related, in furtherance of his description of [redacted] that sometime ago he, [redacted] had subleased a bar or tavern known as RUBY's Place on the Orlando-Sanford Road. [redacted] became short of funds and while the informant said he does not have any direct knowledge, he has heard it rumored that arrangements were made for Klansmen to burn RUBY's Place so [redacted] could collect on the insurance. RUBY's Place was burned to the ground

with all liquor stock being destroyed. Additional information regarding this matter will be reported subsequently.

In regard to the bombing of the CREAMETTE at Orlando, Florida at approximately 1:30 A.M. on November 2, 1951, the informant furnished the following information:

At approximately [redacted] was telephonically contacted by [redacted] the Klokan Committee of the Orlando Klavern Association of Georgia Klans. [redacted]

[redacted] The informant explained that [redacted] the Klavern meeting hall and that [redacted] was wanted for participation in a "ride".

The informant stated he immediately drove out to the Klavern meeting hall, located on Route 50 between Orlando and Winter Garden, Florida. He stated when he arrived at the hall a group of Klansmen had assembled, those being present were [redacted] and one [redacted] (identified as [redacted])

A short time thereafter [redacted] arrived with [redacted] in [redacted] car. Informant stated a short time thereafter [redacted] also arrived and although the informant does not recall how [redacted] came to the Klavern Hall, it is the informant's opinion that [redacted] arrived in [redacted] automobile.

In this regard the informant advised [redacted] and undoubtedly came together.

Informant observed that [redacted] automobile was also parked near the Klavern Hall and it is the informant's opinion that [redacted] came with [redacted] in the latter's automobile. Informant also observed [redacted] old Dodge parked near the Klavern hall.

After the group had begun to assemble [redacted] came forward as a spokesman and made the statement they were going to take care of the CREAMETTES (CREAMETTE and FROZEN CUSTARD Stand). Thereafter [redacted] walked out to his automobile and returned with two bundles of dynamite, [redacted] bundle

containing five sticks of dynamite taped together and into three sticks of each bundle there had been inserted a cap and fuse. The fuses were approximately 8' in length and were bound together at short intervals with tape, as were the sticks of dynamite. The informant stated that after the remarks made by [redacted] declared to the group that such an act would be stupid and it would be far better if they were to take the owners out or in some way scare them, to which [redacted] remarked that [redacted] had already warned them to get two service windows and they were going to blow them up that night.

According to the informant [redacted] also stated that they would place the dynamite bombs on the counters of each stand and place upon the dynamite a sand bag which would cause the force of the explosion to go into the stands, resulting in more confined damage to the establishment.

[redacted] told the group that he did not know anything about dynamite but he felt that five sticks of dynamite would not only completely destroy the stands but might also cause considerable other property damage and possibly injure people in the vicinity. Thereafter [redacted] using rubber gloves, reduced the number of sticks to three.

In seeing [redacted] working with rubber gloves, [redacted] remarked to him that he didn't see why he had to use rubber gloves as no fingerprints could be found on the dynamite, to which [redacted] replied "We cannot take any chances".

b6
b7C
b7D

[redacted] also remonstrated with the group not to blow up both CREAMETTES and at that time [redacted] decided the Custard Stand would not be blown up but the CREAMETTE would be bombed.

Thereafter [redacted] left the Klavern hall in their automobiles and drove to Wadsworth's Used Car Lot, 801 Central Avenue, Orlando. [redacted] was driving a 1941 Plymouth; [redacted] was driving a 1946 Mercury, a faded out bronze color.

After all three men got into the 1950 gray Mercury which was parked on Wadsworth's Used Car Lot, the group immediately left with [redacted] driving. They proceeded down the Orange Blossom Trail and turned into the drive between LOVETTS' Super Market and MOSES' Drug Store and parked at the

TEM:JMS
MM 44-270

rear of these two buildings. [redacted]
[redacted] passed the CREAMETTE they saw [redacted]
walking from the rear of the CREAMETTE toward the rear of LOVETTS' and MOSES'
Drug Store, where they could see the Kaiser automobile of [redacted].

b6
b7C
b7D

As [redacted] drove toward the rear of LOVETTS'
Super Market and MOSES' Drug Store they saw [redacted] in the [redacted] auto-
mobile. [redacted] and [redacted] got into the automobile with [redacted] and
turned left down the ally which runs at the rear of the CREAMETTE, thereafter
took a right turn across the parking lot to Church Street, then turned left
on Church and again left at Tinker Field. [redacted] this was the
last time he saw [redacted] and [redacted] inasmuch as [redacted]
who was driving [redacted] automobile, took a right turn at Tinker
Field, proceeded around the lake, then back to Central Avenue, across Orange
Blossom Trail, right on Westmoreland and right on Church Street, making a left
turn on the dirt cutoff there to South Street, right turn on South to the Orange
Blossom Trail, then left on the Trail.

According to the informant, [redacted] proceeded down the
Trail and were in the immediate vicinity of GARY's Duck Inn when they heard
the explosion. He said as well as he could recall this was approximately
1:30 A.M. The informant stated that immediately following the report of the
explosion, [redacted] proceeded to the Wadsworth Used Car Lot, 501
Central Avenue, where [redacted] got into their automobiles [redacted]
[redacted] had been using.

b6
b7C
b7D

In regard to [redacted] informant stated [redacted] had been
instructed to go to the Florida Diner, which is located alongside of the
CUSTARD STAND and from that point to view the explosion of the CREAMETTE
which is located across the street from the Florida Diner and CUSTARD STAND.
He said [redacted] was also to warn anyone who might attempt to approach the
CREAMETTE and be injured by the explosion. He advised he has never heard
whether or not [redacted] actually went to the Diner.

Since the bombing of the CREAMETTE, the informant stated he has never
heard any of the individuals discussing the activity of that particular night.

TEM:JMS
MM 44-270

He said it is a practice and habit of Klansmen who participate on a "ride" never to discuss the matter once the deed has been done. Occasionally when only two individuals who may have participated are together, they might discuss the matter but never when more than two people are present.

He said the only reference made to the CREAMETTE was a few days after, when he saw [redacted] at which time [redacted] made the remark [redacted] didn't do a very good job". No specific mention was made of the CREAMETTE but the informant stated that is what [redacted] was referring to.

In this regard the informant stated that on any serious matter there is always a cover car along on the ride to take over and assist in a get-away in the event the car containing the actual participants breaks down.

b6
b7C
b7D

The informant stated that while [redacted] drove away with [redacted] that [redacted] were still acting as the cover car.

At the present time [redacted] is operating a lunchroom and poolroom known as "BOB's Poolroom" on the main street in Eustis, Florida, and arrangements were effected to have [redacted] personally viewed by [redacted] and [redacted] at the CREAMETTE; [redacted] of the CREAMETTE and [redacted] of the FROZEN CUSTARD stand, across the street from the CREAMETTE.

b6
b7C

On July 15, 1952 [redacted] and [redacted] personally visited the poolroom operated by [redacted] and while there had an opportunity to observe [redacted] and also heard his voice in conversation. Both [redacted] and [redacted] advised that the individual they recall coming to the CREAMETTE and asking to see the owner or manager, was not [redacted]. It was their recollection that the man was built quite similar to [redacted] with the same type of dark brown, curly hair, the same heavy build but a man whom they felt was a few years older than [redacted].

On July 16, 1952 [redacted] Florida, was taken to Eustis where he was afforded an opportunity to observe [redacted] [redacted] stated [redacted] was absolutely not the individual who had warned him or discussed with him the opening of a colored service window

prior to the bombing. [] said the individual with whom he had this discussion was not nearly as heavy and well built as []. He stated his suspect had a darker complexion and was more "pot bellied" but was considerably lighter in the shoulders and arms area. [] stated the person with whom he talked indicated he had come from either North Carolina or South Carolina and made some reference in the conversation to the operation of a trucking business. According to [] this conversation lasted some fifteen minutes.

b6
b7C

On the evening of July 17, 1952 [] of the FROZEN CUSTARD Stand on Orange Blossom Trail, across the street from the CREAMETTE and who presently operates MARLO's Frozen Custard stand on Highway #17-92 at Maitland, Florida, was taken to Eustis, Florida and given an opportunity to view []. [] stated definitely that [] was not the man who had approached him prior to the bombing of the CREAMETTE.

b6
b7C

Photographs of [], [], [] and LLOYD HATCH were exhibited to [] and he stated that none of these individuals were identical with the man who approached him concerning two service windows in his stand.

b6
b7C

The informant was advised that the individuals who allegedly observed [] at the time he "cased" the Custard Stands, had failed to identify him, stated that he could not understand this as references had been made on numerous occasions about [] being the individual that he handled that particular matter. He was unable to state the exact times but he recalled that [] at the time they were preparing the bomb at the Klan hall, made the statement that [] had already warned the CREAMETTE.

b6
b7C
b7D

On another occasion he heard [] the Exalted Cyclops, tell [] to stay away from the vicinity of the CREAMETTE for fear he might be identified. He was told on another occasion by [] that he, [] had driven in and parked on the LOVETTS' Super Market parking lot, which is immediately adjacent to the CREAMETTE, and he had observed the owner of the CREAMETTE watching him very closely and [] stated he thought perhaps the owner might have recognized him.

found that he was not at home. They were discussing the situation generally while all three cars were parked on 9th Street in Winter Garden between the new Route 50 and the old Route 50.

While the cars were parked on 9th Street one of the men said that a taxicab driven by a negro had just gone by and the driver had made an obscene remark to the men and someone in the group made the statement "Let's get him, he cannot talk to us like that".

The informant stated from this point on it was a spontaneous event, the entire group jumping into their three automobiles chasing the negro taxicab. [redacted] car was leading the group followed by [redacted] Oldsmobile and [redacted] Ford brought up the rear. A shotgun which was owned by [redacted] and obtained by him on the instructions of [redacted] was carried by [redacted] in J. B. JOHNSON's Henry J.

They chased the taxicab south on 9th Street to Route 50, turning west and while driving west on Route 50, [redacted] leaned out the window of the Henry J and fired the shotgun into the taxicab driven by [redacted]. Shortly after the shot was fired the blue Henry J. overtook the taxicab driver and forced him off the road. [redacted]

[redacted]

The informant stated [redacted]

[redacted] but as [redacted] was getting out of the taxicab [redacted] came up and just missing [redacted] struck [redacted] with a gun or a black jack. The negro was taken in one of the cars and all three cars proceeded out to Avondale Road with [redacted] and the small negro boy who was the passenger in [redacted] taxicab.

Arriving out on Avondale Road at the usual stopping ground, [redacted] was placed on the ground and told by one of the men that if he tried anything funny or yelled they would blow his head off.

At this point [redacted]

On still another occasion [] told [] he didn't know what he would tell the Federal Bureau of Investigation in the event he was identified as the individual warning the owners of the custard stands. He said he had been advised by some of the individuals to emphatically deny being the one, even though he were identified, and, secondly, to admit that he had discussed with the owners the obtaining of two service windows but that was purely on his own volition inasmuch as he had visited there many times with his own family and had been pushed aside at the window by negroes.

The informant stated that there is no question in his mind about [] being the individual who "cased" the custard stands.

In regard to any Klan terrorist activity in which [] has been engaged the informant furnished the following information:

Informant stated that early in January three negroes had appeared at Joel's Used Car lot in Orlando and while discussing automobiles, became involved in an altercation with a white salesman, the result being one of the negroes cut the throat of the white man.

It was shortly after this event [] together with several other Klansmen, were at BILL JAMES' Service Station on the Orange Blossom Trail. [] told one [] to go home and obtain his shotgun, which [] did. Thereafter a ride was made up in three automobiles consisting of [] and JAMES B. JOHNSON.

The automobiles used on this particular ride were the 1950 blue HENRY J. owned and driven by J. B. JOHNSON with [] as the only other occupant. A 1948 blue four-door Oldsmobile sedan, owned and driven by [] as occupants. A 1947 maroon or red Ford business coupe owned and driven by [] with []

The three cars with the above named individuals proceeded to Winter Garden looking for one of the negroes involved in the altercation at Joel's Used Car Lot, the intention allegedly being to turn the negro over to the Orlando Police Department. The informant stated he does not recall the name of the negro they were looking for. This negro resided in Winter Garden, Florida and the group

[redacted] handed [redacted] a rubber hose approximately 3' long and [redacted] was told that he should beat [redacted] [redacted] struck [redacted] five or six times. [redacted] Thereafter the hose was taken [redacted] [redacted] "laid it on".

After [redacted] was flogged, the suggestion was made by [redacted] [redacted] that they beat the small ten or eleven year old negro boy [redacted] [redacted]

After the flogging of [redacted] the entire group broke up returning to Orlando and he did not see any of the group later that evening.

The informant recalled that J. B. JOHNSON was considerably upset over [redacted] firing the shotgun at the taxicab and he has heard J. B. JOHNSON make the statement that he did not want anything to do with a group of men who would go on such a ride and even resort to shooting firearms with no apparent reason behind it other than the possible cursing or obscene language used by the negro taxicab driver.

[] stated [] was considered an extremely reliable and well-behaved negro and he knew of no instances where he had any difficulty with white men. b6
b7C

According to [redacted] he thought possibly his wife could have been involved in an accident or something might have occurred so he started to dress to go outside to ascertain the difficulty.

He stated he heard the car pull away and within seconds the same car which he believed to be an old two-door Pontiac sedan returned with a second car. He stated he turned on the light and proceeded to the door, at which time four or five men immediately pushed open the door, advising they were the law and with guns drawn. He said he recalled that at least one had a sawed off shotgun and at the same instant they entered they turned off the light, making it difficult for him to observe their faces.

He said two of them grabbed him while one went to the bedroom and warned his wife not to get out of bed. They immediately placed him face down on the floor of the second car in line. While lying on the rear floor two men got in the back and held revolvers, making him keep his face down and at least three were in the front seat.

He stated they drove what seemed to be 20 or 30 minutes when the car stopped. He said he complied with instructions to crawl out of the car face down and crawl to a spot several yards from the automobile. He said he was able to observe several men's legs standing in a semi-circle around him. He also observed, the night being moonlit, several men with revolvers.

At that point he was beaten with what he believed to be a heavy strap. He said the beating was on his back, buttocks and legs and lasted 15 or 20 minutes. He said he was of the opinion 4 or 5 men participated, one at a time, in this beating. During the course of the beating he was cursed and the only statement of significance directed toward him was that it would teach him how to recognize white folks.

[redacted] stated that after the completion of the beating he was directed not to move and that a truck would be sent back for him. He said he distinctly recalled hearing four automobiles start and leave the area. He said he was afraid to move due to the possibility of someone remaining at the spot.

He said [redacted] was looking for him as his wife had contacted him regarding the abduction. [redacted] stated it was necessary for him to lay off work for about two weeks and that he is still under doctor's care in that the beating has caused some glandular condition.

b6
b7c

He stated he went back and worked at the ice plant until one Sunday in December when two Ku Klux Klan signs appeared on the ice house. This caused him to believe he was the object of these signs and he immediately quit.

He was questioned as to his relationship with [redacted] [redacted] and advised that his relationship was excellent with [redacted] and that on numerous occasions he assisted [redacted] in his collections in the colored quarters. He stated that, as a matter of fact, [redacted] had been to his house July 5, 1952 to make his collection on an ice box purchased by [redacted] from the City Ice Company. According to T-1, LANGDALE was cited for outstanding service at the Klan meeting of July 21, 1951, by [redacted] Executive Secretary of the Association of Georgia Klans. T-1 stated that he does not know the nature of the service for which LANGDALE was cited, but he described LANGDALE as a very loyal member of the Klan and one who impressed the informant as being ready to engage in any type of terrorist activities. Informant stated he did not have any specific information involving LANGDALE in any Klan Terrorist activities, but LANGDALE has always impressed him as being a type of character who would so engage.

Confidential Informant T-2 advised that to his own knowledge LANGDALE is a handler of dynamite [redacted] handling dynamite as set out above when the dynamite bombs were prepared for the blowing up of the CREAMETTE. [redacted]

[redacted] has discussed with CECIL LANGDALE the handling of dynamite particularly with regard to the blowing up of the new Negro high school which was constructed by Orange County Board of Education close to LANGDALE's home.

[redacted] LANGDALE stating that he could make any kind of a bomb with a fuse set so he, LANGDALE, could get from here (Orlando) to Apopka before it went off. [redacted]

[redacted] LANGDALE uses only the powder fuse. He has never heard him discuss using any type of electric cap and fuse.

Informant T-2 stated that on one occasion the exact date of which he cannot recall, LANGDALE indicated that they (meaning Klansmen) were ready to go on the school. [REDACTED] talked LANGDALL out of blowing up the school at that time by explaining that the Board of Education had an elderly man hired as watchman and that the possibility existed the old man might be killed or he might see the individuals setting the dynamite to cause a subsequent identification. To this LANGDALE replied that they would merely put a sack over the watchman's head - tie him up and put him in the weeds. [REDACTED] believed the watchman was going to be taken off and that he would have such knowledge through the Sheriff's Office, whereupon LANGDALE stated that they would wait and that [REDACTED] should give them the word when the coast was clear and they would blow the school. [REDACTED] would have to do would be to tell LANGDALE that the time was "ripe" for the school to go and that night it would be blown up.

At the present time there is a high Anchor fence topped with barbed wire completely encircling the school and when questioned about this the informant stated that those that would blow the school would dig under the fence at the rear of the school to gain access.

In reply to specific inquiry the informant stated that he did not, of his personal knowledge, know that LANGDALE had dynamite available to bomb the Negro school, but he believed that a sufficient quantity was on hand and available to CECIL LANGDALE. The informant indicated that he could not be specific, but in the past he recalled either LANGDALE or someone else telling him that LANGDALE was going to make a trip to Georgia to obtain a quantity of dynamite. Informant stated that he does not have any knowledge of LANGDALE making the trip or obtaining the dynamite. Informant indicated that it was his own personal opinion that if LANGDALE had dynamite, he would have it in his own home as they do not have any children about the house.

THOMAS WILLIAM STUCKEY

According to information received from Confidential Informant T-2, STUCKEY was one of the participants of the bombing of the CREAMETTE.

The following investigation was conducted by Special Agents [redacted] and [redacted] on July 23, 1952.

Investigation at the Orange County Auto Tag Agency, Orlando, reflected the following registrations for the year 1951 in the name of T. W. STUCKEY and THOMAS W. STUCKEY, Route 2, Box 29, Maitland, Florida:

1. Tag 7-19613, 1937 Chevrolet sedan registered January 15, 1951, Motor Number 977849. It had 1950 tag 7-12458.
2. Tag 7-25007, 1940 Chevrolet coupe, application for transfer of registration January 29, 1951, Motor Number 3252609. It had 1950 tag 7-17626.
3. Tag 7-22645, Ford, year not given, two-door sedan, application for transfer October 10, 1951, Motor Number 18-3800259.

Information was received that STUCKEY was and is in possession of a 1934 Dodge. Records at the Orange County Tag Agency failed to reflect a 1951 registration to STUCKEY for this automobile. However, a 1952 registration was found which reflects a tag number 7-22654 for 1934 Dodge four-door sedan registered January 15, 1952, Motor Number DR 17043, showing date acquired 1948. This car was registered to T. W. STUCKEY, Route 2, Box 12B, Maitland.

It was ascertained, as will be shown through subsequent interview, that Route 2, Box 12B, Maitland, is identical with Route 2, Box 29, Maitland, due to an official change in box numbers; therefore, T. W. STUCKEY is the same individual.

Investigation revealed that T. W. STUCKEY is employed as a painter for McCree Contractors, 2110 Chicago Street, Orlando, and on this date was working at the Trinity Lutheran Church, Livingston and Ruth Streets, Orlando. Observation at this address revealed a 1934 dark blue Dodge sedan as the car of Mr. STUCKEY and it is now carrying tag 90-529.

TEM/FFM:msf
MM 44-270

Investigation at the County Clerk's Office, Court House, Orlando, Driver's License Section, reflected 1951 Chauffeur's License Number 97286 issued to THOMAS W. STUCKEY which contained the following information:

Birth date	December 7, 1901
Height	5' 8"
Weight	155
Eyes	Blue
Occupation	Painter
Address	Route 2, Box 29 Maitland, Florida

The records also reflected a 1952 Chauffeur's License Number 116570 issued to STUCKEY containing the same descriptive data.

Upon interview STUCKEY advised he had joined the Klan about a year ago through the use of a letter addressed to a box in Atlanta, Georgia. He stated he entered the Klan through his own volition and desire. Upon being asked who was Exalted Cyclops at the time of his joining the Orlando Klavern he advised it was [REDACTED]

Upon being asked if he knew anything about dynamite or had handled dynamite or was acquainted with its use he answered negatively. He stated he did not know anything about it, had never used it and did not know how to use it.

STUCKEY was asked what he knew about the bombing of the CREAMETTE, the [REDACTED] Case and the Mims Case and he advised he knew nothing of any of the cases. He advised that at the time of the CREAMETTE bombing and the Mims bombing he was at home.

Upon being asked whether he had ever been invited to participate in any "ride" or act of violence he answered no. He stated he had no knowledge of rides or any cases of violence of any kind were perpetrated by the Klan.

STUCKEY advised that for about two years during the last war he was [REDACTED]

Upon questioning as to whether he had ever been in trouble STUCKEY advised that in the 1920s he was convicted in Leesburg, Florida

They stated PHELPS is engaged in the construction business and is the owner of an open body Ford truck and a 1950 or 1951 Plymouth automobile. They stated at the time of interview [redacted]. These persons advised that [redacted] are considered to have an excellent reputation and are desirable neighbors. [redacted] and [redacted]

PHELPS was interviewed on his road job where he was operating a grader on a new road being constructed North of Orlando between Routes U.S. 441 and U.S. 17-92. It is noted that he owns and operates his own grader for the Hubbard Construction Company.

He advised he has been a member of the Klan for approximately seven or eight months. He stated he joined shortly before Christmas 1951 but that he has not been regular in his attendance at meetings. He stated that the fellows in the group have been "after him" for his irregular

He was unable to accurately account for the rest of the day, but stated he probably played pool at the Colonial Billiards on Colonial Drive in Colonialtown, Orlando. When it was called to his attention that the pool rooms were probably closed on Christmas he stated he might have been thinking of Thanksgiving Day in connection with playing pool. He stated he could not recall definitely what he did Christmas, but stated positively he did not leave Orlando.

PHELPS stated he has not personally used dynamite, but has seen it used by the Hubbard Construction Company in the blowing of stumps. He stated he has on occasion helped to move dynamite from one location to another on the job, but has not had any connection with it away from the job.

When questioned concerning his knowledge of or participation in any of the acts of violence related to this matter PHELPS stated he knew nothing about these incidents, that he did not know definitely that the Klan was implicated in them, but figured the Klan might have been implicated. When asked if he knew a group of Orlando Klansmen whose names were mentioned to him he stated he knew most of them, but he did not know [redacted] or [redacted]. He stated he was beginning to doubt if the Klan were the type of organization to which he wished to belong. He stated he had joined the Klan because the fellows he played pool with were in the Klan and they pressed him to join.

He did not appear to know too much about the Klan or its purposes and stated he thought there was some sort of naturalization ceremony through which he was supposed to go, but he had never gone through this ceremony.

It was noted PHELPS mentioned he very definitely disapproved of the murder of the MOORES, that he had lost some members of his family some years ago in a house fire.

MOORE. He said that he was always on the best of terms with MOORE and highly regarded MOORE as an outstanding member of the colored race who had given his life for the betterment of his race. He stated MOORE at no time mentioned receiving any threats or had any idea that his life was in danger. He said that MOORE did not elaborate or furnish any specific details in this matter. He described MOORE as a mild mannered man who had no personal enemies and was well regarded by both the white and colored races.
